Care & Maintenance

Your Oxford furniture arrives in its natural state, without any oils or finishes. Upon completion of assembly, you may notice some staining from your hands, or possibly some water stains from shipping. Shorea is extremely dense, and therefore any staining will be only on the very surface of the wood, so any marks or abrasions can be easily removed by liberally sanding the wood with 100 grit, or medium, sandpaper.

Shorea is strong enough and weather resistant enough to be left totally untreated. If left alone, your furniture will weather naturally with time, turning a warm and soothing shade of gray. If you prefer to prevent this natural weathering, or to enhance the luster and color of the wood, you may seasonally apply a coat of teak oil. If you allow your furniture to weather, and later decide to restore it to its original condition, use a teak cleaner first, and then you may apply the teak oil. These products are available at most hardware stores and boat dealers, and are available through many Oxford dealers.

If the furniture is going to be placed on a concrete or tile patio, it should first be rinsed well to remove the sawdust that may cause some staining.

Parts List & Hardware

A	(1)	Table Top
B	(4)	Table Leg
C	(1)	Pedestal
D	(8)	Washer
E	(8)	Nut
F	(4)	Hex Head Screw
G	(1)	Allen Wrench
H	(1)	Hex Head Wrench

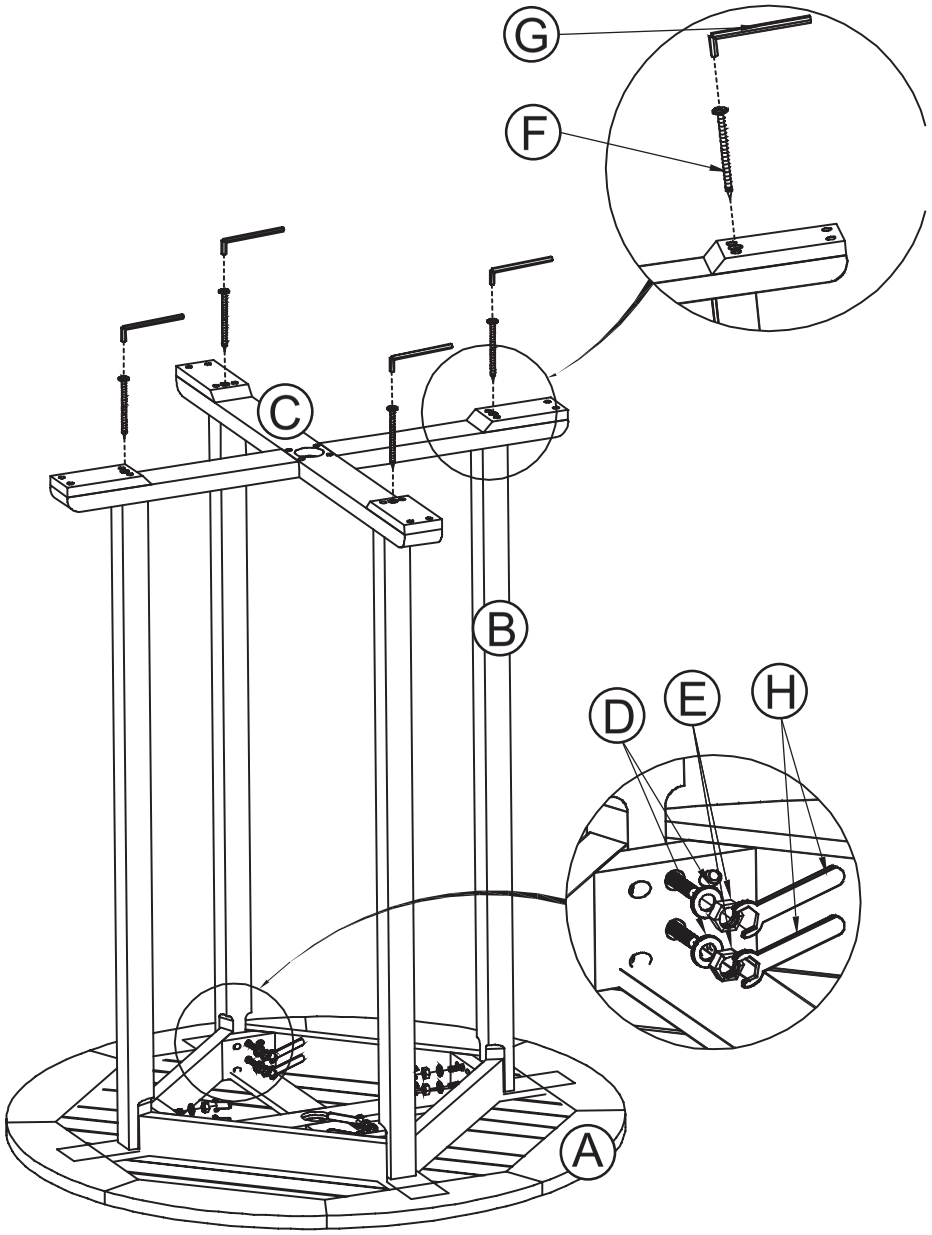
About Shorea Wood

Shorea is a tropical hardwood that grows plentifully in the Pacific Rim countries of Burma, Malaysia, and Indonesia. Shorea is closely related to teak, and is therefore well suited for use in furniture making. It is renowned for its strength, durability, and beauty. Like teak, shorea has natural oils that allow it to withstand the effects of sun, rain, snow, and frost.

B36TA Sonoma Bar Table

The Oxford Garden Designs Sonoma Bar Table has six component parts - table top (A), four legs (B), and pedestal (C).

Tools needed for assembly - one allen wrench (provided) and one hex head wrench (provided).

To assemble:


1. On a clean flat surface, lay tabletop (A) on its back.
2. Install each leg (B) by placing two bolts through each corner brace at each outside corner. Slide washer (D) over each bolt and secure with nuts (E).
3. Position pedestal (C) onto legs (B). Tighten with the hex head wrench (H) provided.
4. Using four screws (F), attach pedestal (C) to the legs (B). Tighten with allen wrench (G) provided.
5. Carefully turn table upright and enjoy.
